“ The memory of you, will always be with me!!!! Your love and your support!!!! I will always remember, that day you and my mother-in-law came to my house to help me, get through a tough situation and I thank you so much for the light you shown Me! Alot about who I was, who I was about to become. With the passing of you, you let me know that life is so valuable and you need to cherish it with the people you love and the people that love you! The one thing you put a stamp on, in my life is: YOUR FAITH: no matter what you was going through, the pain you was feeling and even the things out of your control; you Charlye had the BIGGEST faith in GOD! And you trusted him and thank him every day he gave you! Which was always a blessing! AND I'm so grateful for the almost 10 years I've been able to have a relationship with you and I am thankful. i love you. I am grateful for them times when you was in LA. Charlye for everything you giving me as far as Love, Truth, WISDOM and Faith! I'm going to miss it all, I know now you're no longer in pain and that's really all that matters! As my Uncle Terrell would say "I will see you in the funny paper!!! God you have a beautiful Angel and thank you for her!!!
